

Andrea Lazzarotti

Resume:

("Farins" is my username in lots of CGI forums) Born in 1979 and living in Italy, I played with graphic softwares since the year 1996 with my old Caligari True Space (Amiga).

I worked in the C.G.I field since the year 2003.

I've worked on several kinds of projects in various fields such as architectural previz, musical videoclips, concept design, videogames for PC and console, Industrial and institutional videos,

and for the last 15 years I've worked in national and international television channels for advertising and commercials on **TAXFREEFILMS** in Parma (ITALY) as a Senior 3D generalist. Actually I'm freelance and I've also always cultivated several hobbies in my spare time, such as videogames, vintage motorcycle restoring, photography, 3D printing, mechanical CNC engraving, painting and drawing ,and of course the digital world in all its forms.
